EASY CLEANUP

This is an industrial duty temporary protection film for tile, stone, linoleum, laminates, and factory finished hardwood.

Floor Cover 45™ provides an excellent level of impact and scratch protection for almost any surface and significantly out-performs common hardwood floor protection methods.

DISCLAIMER

Please note: The adhesive system used on Floor Cover 45™ is designed for use on hard surfaces. Factory finished floor needs to be in good condition. Manufacturer recommends testing this product in desired application to determine suitability for use.

The Americover® product line features products to cover most any surface needing protection. Please call with needs not covered in this catalog.
