

# Auto Carpet Cover™

is a true 3 mil , blended LLDPE film, coated with pressure sensitive adhesive systems specifically designed for automotive carpeting. Overall thickness is 4.2 to 4.8 mil.

## Features, Attributes and Benefits:

*Our adhesive systems are designed specifically for automotive carpeting*

*Stocked in several sizes with a choice of the 479 or 007 Adhesive Systems*

*007 Adhesive passes the GM 9-month new car specification, GM 2151M, and CH-73 specs.*

*007 Adhesive is ideally suited for longer-term applications*

*479 Adhesive, a favorite for years, is very aggressive when compared to most adhesive systems, but not as aggressive as 007*

*Special order options include: any perforation length, many sizes, clear or printed, several thicknesses, different adhesive systems, and custom printing*

*Made in the U.S.A. in an ISO 9002 certified facility*

*Watch for exciting new additions to this product line. We are constantly working to improve on what we feel are the best products in the business*

**Our most popular Auto Carpet Cover™ version is printed with "Dealer Must Remove Protective Cover" in the industry standard rectangular pattern, and perforated for easy installation. Also available in clear.**

**Customers regularly tell us, "This is ABSOLUTELY the best automotive film on the market!"**
