

CARPET COVER

3 MIL CLEAR CARPET MASKING FILM

PRODUCT DESCRIPTION

A polyolefin film coated with a custom formulated, aqueous based acrylic adhesive system. Product characteristics are medium adhesion peel values and good adhesion to carpet. As with all Americover® products, it provides outstanding protection for up to 45 days.

PRODUCT

PART NUMBER

Carpet CoverCC

PRODUCT USE

Americover® recommends that all products be stored and applied indoors at room temperature 60° -80° F (16° -27° C) and that relative humidity levels be kept between 30Q/- 70%. All products should be rotated so the "first-in, first-out" inventory method is utilized. For best results, products should be applied to a clean, dry surface.

APPLICATIONS

Carpet covers
Carpet masking

The data listed on the next page reflects the average values obtained in testing. Various other environmental conditions will vary the end user's actual results - temperature at time of application, pressure of lamination, surface material to be masked (glossy, matte or textured) and humidity. It is best for the purchaser to test the suitability of our products under their unique conditions.
