Americover's self adhesive temporary protection films are made in the USA with a water based adhesive for easy removal without adhesive transfer. Protection stays where you put it when using self-adhesive covers.

When you need long term protection; covers such padded multi-surface cover, deck cover, and string reinforced are designed to protect surfaces for 60 days or longer. These covers can be applied to a variety of surfaces including the floor and stairs.

Multi-surface covers can be applied to any solid surface including granite, laminate, Corian®, marble, tile, stone, linoleum and factory finished hardwood.

For heavy duty protection our BearAcade®, Padded Multi-Surface Cover, Deck Cover and String Reinforced Sheeting offer extreme durability against rips, tears, and punctures.
