

# HEAVY DUTY LINERS & COVERS

GEOMEMBRANES AND GEOTEXTILES AVAILABLE IN STOCK & CUSTOM SIZES

## **GOLF COURSE/DECORATIVE POND LINERS** - Line irrigation ponds and lakes.

- ▶ Virgin grade LLDPE & HDPE - Smooth & Textured
- ▶ Heavy duty string reinforced liners
- ▶ Polypropylene - Reinforced & Non-reinforced
- ▶ Woven coated reinforced polyethylene
- ▶ EPDM & PVC potable & fish grade

## **RESERVOIR/LAKE/POTABLE WATER STORAGE LINERS** - Contain water and control seepage in reservoirs and lakes as well as for potable water storage applications.

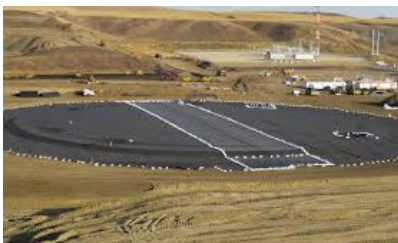

- ▶ Virgin grade LLDPE & HDPE
- ▶ PVC potable & fish grade
- ▶ Polypropylene - reinforced & non-reinforced
- ▶ Woven Coated Polyethylene

## **IRRIGATION CANAL/DITCH LINERS** - Line canals to preserve the integrity and contain water.

- ▶ Virgin grade LLDPE & HDPE
- ▶ Woven coated polyethylene
- ▶ Heavy duty string reinforced liners
- ▶ Polypropylene - reinforced & non-reinforced
- ▶ PVC

## **OIL FIELD/FRAC PIT/RIG LINERS, SECONDARY CONTAINMENT, TANK FARM/FUEL LINERS** - Containment of fuel and oil, oil based liquids sludge, or other hydrocarbon chemicals.

- ▶ Virgin grade LLDPE & HDPE - Smooth & Textured
- ▶ Heavy duty string reinforced liners
- ▶ Polypropylene - reinforced & non-reinforced
- ▶ PVC
- ▶ Woven coated polyethylene

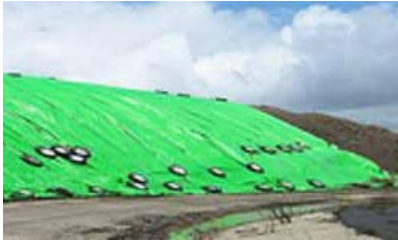

# HEAVY DUTY COVERS & LINERS

GEOMEMBRANES AND GEOTEXTILES AVAILABLE IN STOCK & CUSTOM SIZES

## DAILY COVER/TEMPORARY RAIN SHED/ATHLETIC COVER/STOCK PILE LINERS -

Prevent water infiltration, erosion and in some cases preserve air space in a landfill.

- ▶ LLDPE - smooth
- ▶ Woven coated polyethylene
- ▶ Heavy duty string reinforced liners with extended UVI

## SOIL REMEDIATION COVERS & LINERS - Prevent pollutants from entering our environment, line and cover contaminated soil piles.

- ▶ Virgin grade LLDPE & HDPE - Smooth & Textured
- ▶ Heavy duty string reinforced liners
- ▶ Polypropylene - reinforced & non-reinforced
- ▶ Woven coated polyethylene

## FLOATING COVERS, LANDFILL COVERS & LINERS - Provide the strongest barrier of protection to control odors and methane gases, as well as prevent leachate and its toxic constituents from entering into underlying aquifers, nearby rivers and our environment from landfills.

- ▶ Virgin grade LLDPE & HDPE - Smooth & Textured
- ▶ Heavy duty string reinforced liners
- ▶ Polypropylene - reinforced & non-reinforced
- ▶ PVC

## MINE TAILINGS/HEAP LEACH PADS/EVAPORATION PONDS - Prevent leakage and corrosion with the most durable containment lining systems available.

- ▶ Virgin grade LLDPE & HDPE - Smooth & Textured
- ▶ Heavy duty string reinforced liners
- ▶ Polypropylene - reinforced & non-reinforced
