

CATALOG

ABOUT AMERICOVER:

For over 25 years, Americover has been a premier supplier of plastic sheeting and protective films to the construction and agriculture industries worldwide. Sought out for our expertise in standard and specialty sheeting from crawl space liners and fire retardant films to light deprivation covers, the Americover team is known for creating the right solution for the application.

From custom fabricated solutions to high quality flexible films, Americover Builds has been serving the construction industry for over 25 years. Over that time, we have built a network of premier U.S. manufacturers that provide only the best in plastic sheeting and protective films. As a result, Americover Builds is able to offer the widest range of plastic sheeting available with features such as fire retardancy and string reinforced durability to meet industry standards.

Proudly featuring superior greenhouse covers known for quality and durability, Americover Grows serves the agricultural market with products designed to make grower's lives easier while maximizing their harvests. From light deprivation covers to water retention liners and accessories, the Americover team has the expertise to find the right solution for your needs.

**We're more than just plastic sheeting with shipping warehouses in multiple locations!
Here are just a few of the industries Americover serves:**

AGRICULTURE

CONSTRUCTION

LOGISTICS

AERONAUTICAL

HORTICULTURE

REMODELING

MARINE

GOVERNMENT

AQUAPONICS

ENVIRONMENTAL

DISASTER RELIEF

ENTERTAINMENT

COVID PROTECTION

PROTECTIVE SHIELDS AND BARRIERS

Product Features

Americover offers simple, smarter, easy-to-install-or-move solutions to keep employees and customers safe.

Our simpler, smarter, easy-to-install, and durable solutions like the PRO Shield desk shield and the versatile DPC Fire-Retardant Clear Vinyl protective curtain will help you maintain safer but welcoming, inclusive, and supportive environments.

Americover offers customizable desk, counter, and clear curtain solutions to foster physical distancing, respiratory hygiene, and cleaning and disinfection.

Size and Packaging

12 mil DPC Fire-Retardant Clear Vinyl Protective Curtain

Width	Length(s)	Size

- ▶ Table dividers
- ▶ Conference rooms

STRING REINFORCED POLY POLYESTER SCRIM REINFORCED LLDPE SHEETING

Product Features

String reinforced poly sheeting consists of two sheets of high-strength virgin polyethylene film laminated together with a third layer of molten polyethylene. Outer layers contain UV inhibitors and thermal stabilizers to enhance outdoor life. A heavy scrim reinforcement placed between these layers greatly enhances tear resistance and increases service life. The individual plies are laminated together with molten polyethylene.

Size and Packaging

All panels are accordion folded and tightly rolled on a heavy-duty core for ease of handling and time saving installation. Custom sizes are available.

All stocked widths are available in 100 ft lengths.

Color Feature	Thickness	Standard Widths
Fire Retardant	6 mil	4' 6' 8' 12' 16' 20'

Applications

- ▶ Building & construction enclosures
- ▶ Vapor barriers
- ▶ Crawlspace encapsulation liners
- ▶ Erosion control
- ▶ Shipping and packaging
- ▶ Temporary liner or cover
- ▶ Asbestos abatement
- ▶ Remediation covers
- ▶ Fumigation covers
- ▶ Cargo wraps
- ▶ Temporary walls or partitions
- ▶ Lumber covers
- ▶ Ice rink liners
- ▶ Sets and production
- ▶ Equipment protection
- ▶ And much more

FIRE RETARDANT POLY

NFPA 701 CERTIFIED POLYETHYLENE SHEETING

Product Features

Americover offers a variety of fire retardant plastic sheeting that pass NFPA 701 small and large scale and ASTM standards. Each product has a unique feature such as biaxial heat shrinking, anti-static, string reinforced, carbon black UVI, printed and non-printed.

Size and Packaging

Applications

- ▶ Construction enclosures
- ▶ Asbestos abatement
- ▶ Dust containment
- ▶ Hospitals
- ▶ Renovation and remodel
- ▶ Clean room
- ▶ Theatre backdrops
- ▶ Blackout curtains
- ▶ Military and defense
- ▶ Aerospace
- ▶ Erosion control
- ▶ Schools
- ▶ Public facilities
- ▶ Museums
- ▶ Haunted houses
- ▶ Themed attractions
- ▶ Cruiselines and marine
- ▶ Telecommunications

SELF-ADHESIVE POLY ADHESIVE COATED POLYETHYLENE SHEETING

Product Features

Our self-adhesive plastic sheeting has a water-based acrylic adhesive system that will not discolor or dye the surface and removes without adhesive transfer. We offer custom coating on a variety of film types such as polyethylene and polypropylene films. Masking evaluation tests determine an adhesive system that works with your specific surface protection needs. Most films have a 30-45 day application time.

Additional customization features include custom perforation, UV inhibitors and printing.

Size and Packaging

Product	Thickness	Standard Sizes
Carpet Cover	3 mil	24" x 200'
		36" x 200'
		36" x 500'
		(available in fire retardant)
		48" x 500"

Sticky Mats	n/a	24" x 36"
		36" x 45"

Applications

- ▶ Interior surface protection
- ▶ Dust containment
- ▶ Furniture protection
- ▶ Renovation and remodel
- ▶ Exposition floor cover
- ▶ Cabinet protection
- ▶ Carpet protection
- ▶ Countertop protection
- ▶ High traffic floor protection
- ▶ Cruiselines
- ▶ Schools
- ▶ Public facilities
- ▶ Museums
- ▶ Hospitals
- ▶ Public venue flooring protection

SELF-ADHESIVE POLY

BEARACADE® ABATEMENT FILM

Product Features

Improve the safety of your workplace and reduce containment failures with BearAcade®. So easy, it can be installed by one person! The self-adhesive backing minimizes containment failure and ensures that water (or other materials) won't escape if breached and material will not billow with air pressure.

BearAcade® is an industry leading product to completely contain a job site. It's 10X faster than the traditional poly (visqueen) and duct tape method. Contains lead painted surfaces or mold laden drywall. Additional customization features include custom perforation, UV inhibitors and printing.

Applications

- ▶ Lead abatement
- ▶ Asbestos abatement
- ▶ Mold abatement
- ▶ Containing noxious materials
- ▶ Schools
- ▶ Hospitals
- ▶ Work environments
- ▶ Public facilities
- ▶ Containing criticals (doors, outlets, fixtures, etc.)
- ▶ Self-adhesive wall containments

HEAT SHRINK WRAP

UV INHIBITED POLYETHYLENE SHEETING

Product Features

Heat shrink wrap is manufactured with 100% virgin resin and contains maximum UV inhibitors for long term outdoor usage. Color options include white, blue, and clear. This film minimizes condensation and moisture build up for seasonal and long term protection for up to two years.

Please note: Proper installation of heat shrink wrap requires the use of a heat gun.

Size and Packaging

We offer a range of thicknesses from 6 to 12 mil. Please call for sizes and pricing.

Shrink Fast 998 Heat Tool

Powered by propane gas

Heavy Duty White Strapping

3/4" x 2100'

Extension for Shrink Fast Heat Tool

2', 4', 6'

Heat Shrink Tape

2" x 165'
4" x 165'

Applications

- ▶ Scaffolding wraps for buildings
- ▶ Temporary roof covers
- ▶ Modular home wrap
- ▶ Storage cover for large machinery
- ▶ Transportation covers
- ▶ Industrial containments
- ▶ Ice rink liners
- ▶ Boat/RV storage
- ▶ Geodesic dome structure cover
- ▶ Pallet wraps
- ▶ Fuselage covers
- ▶ Vehicle covers
- ▶ Weather protection

PREMIUM GREENHOUSE COVERS

POLYESTER SCRIM REINFORCED GREENHOUSE COVERS

Product Features

Reinforced polyethylene sheeting is significantly stronger and more tear resistant than standard greenhouse covers. The extrusion lamination process and high strength polyester scrim reinforcement create an exceptionally strong greenhouse cover that can last multiple seasons.

To maximize the sunlight use SolaScrim™ 4 year, 10 mil clear greenhouse cover. It can withstand extreme temperatures from (-70° F to 180° F) for up to 4 years.

To block light completely use BOLD® 8 mil reinforced blackout light deprivation cover. It works with both automatic and manually operated light dep systems.

Applications

- ▶ Greenhouse cover
- ▶ Blackout light deprivation cover

BOLD EZarm™

Cover or uncover your greenhouse
In 60 seconds

For greenhouses up to 30' wide and 15' tall

This adjustable arm installs into the ground and allows for easy manual covering and uncovering of your light-dep greenhouse. Some assembly required.

Size and Packaging

Custom lengths start at 50' and increase in 5' increments up to 500' long. Stocked sizes below.

HEAVY DUTY LINERS

GEOSYNTHETIC LINERS AND REINFORCED LINERS

Product Features

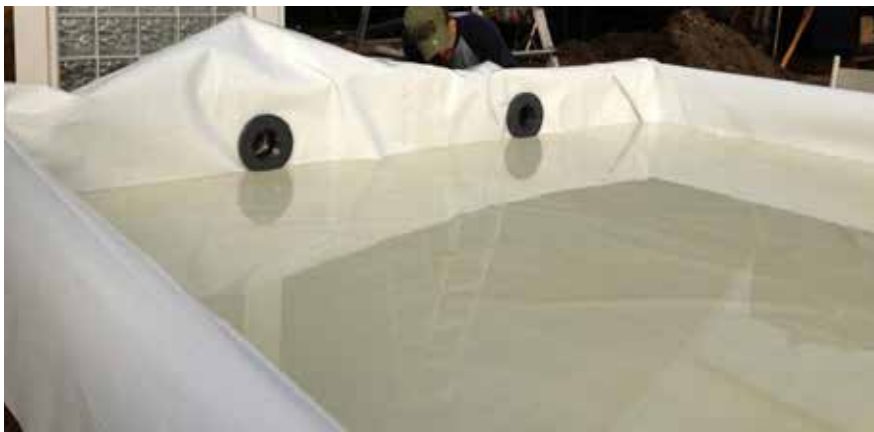

Americover's heavy duty liners have excellent ultra-violet and stress crack resistance which extends the life of the product when it is fully exposed to outdoor conditions. Due to the superior manufacturing processes and quality resins used in our liners, they are also highly puncture and tear resistant.

Americover is a source for a wide variety of geomembranes and geotextiles that meet industry standards. Contact us with your specifications and we'll help you find the right liner.

HDPE is custom fabricated in a wide range of mil thicknesses from 12-100 mil.

Size and Packaging

20 mil scrim reinforced white liners are manufactured with virgin resins. The white layers are designed to reduce heat build up and condensation and to provide excellent dimensional stability. A layer of polyester scrim reinforcement placed between these plies greatly enhances tear resistance and increases service life.

Dura Skrim Stocked Sizes

Thickness	Standard Width(s)	Length
20 mil	6' 12' 18'	50' 100'

Tuff Scrim Stocked Sizes

Thickness	Standard Width(s)	Length
20 mil	6' 12' 18'	100'

Applications

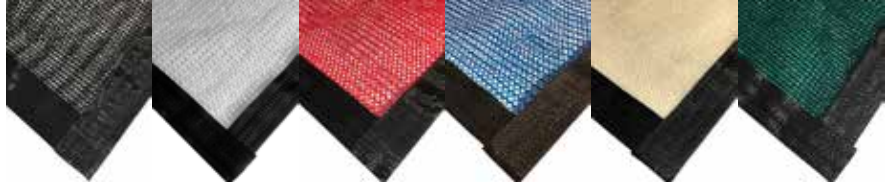

- ▶ Aquaponics
- ▶ Hydroponics
- ▶ Decorative ponds and water features
- ▶ Water retention
- ▶ Water conservation ponds
- ▶ Trough liners
- ▶ Fish tank liners
- ▶ Grow beds
- ▶ Deep water culture system liners (raft bed liner)
- ▶ Media beds
- ▶ Shrimp raceway liners
- ▶ Landfill cell construction
- ▶ Exposed industrial ponds
- ▶ Lakes
- ▶ Canals

WOVEN & KNITTED COVERS

SHADE CLOTH, GROUND COVER, TRELLIS NETTING

Shade Cloth Covers

Custom fabricated in black, pearl white, red, blue, brown and green in 30% - 96% densities.

Applications

- ▶ Privacy barrier
- ▶ Fence
- ▶ Windscreen
- ▶ Shade tarps
- ▶ Canopies
- ▶ Awnings
- ▶ Livestock housing
- ▶ Greenhouses
- ▶ Weed control
- ▶ Vining crops
- ▶ Agriculture air control

VAPOR BARRIER & RETARDERS

10, 15, 20 MIL MOISTURE VAPOR BARRIER FILM

Product Features

Americover's vapor barriers restrain harmful pollutants such as radon, methane and petroleum hydrocarbons. Many sources of toxic vapor are underground soil, ground water, storage tanks and septic systems. Vapor barriers are also placed in walls, floors, ceilings and crawl spaces which control absorption and condensation of moisture, preventing mold.

DURA SKRIM® and Tuff Scrim are the most popular products to encapsulate your crawlspace. Flip back to the beginning of the catalog to see more information about these string reinforced liners.

Size and Packaging

Pro Crawl Barrier | White

SPECIALTY TAPES

DOUBLE SIDED, FIRE RETARDANT OR REINFORCED

Americover's specialty tapes are specially engineered to form a strong adhesion to the material and provide the maximum bond.

Need something other than what's listed below?

Simply give us a call!

2- Sided Butyl Tape

This aggressive rubber-like tape is ideal for adhering polyethylene sheeting together.
Roll Size: 1.5' x 100'

2- Sided Clear Tape

Clear 2-sided tape with a clear synthetic rubber adhesive coating used for binding clear films together.
Roll Size: 1.75" x 300'

Scrim Reinforced Tape

This scrim reinforced tape ideal for repairing or patching damaged sheeting.
Roll Size: 4" x 50'

Vapor Tape

Heavy-duty weather resistant polyethylene backing with an aggressive adhesive.
Roll Size: 4" x 180'

Steele Tape

Ideal for electrical binding, application to carbon composite, and CFRP.
Roll Size: 3" x 60'

Heat Shrink Tape

Compatible with heat shrink film - used to repair holes, help tighten the shrink wrap film, seam zippers, etc.
Roll widths: 2" | 4" | 6"
Roll length: 100'

Fire Retardant Tape

377 FRPE polyethylene blue fire retardant tape has a high tack for a good quick stick which is repositionable and clean removal from many surfaces.
Roll Size: 4" x 180'

Fire Retardant Tape

White 225FR waterproof polyethylene coated fire retardant tape with an exceptionally aggressive adhesive used when fire retardant tape is required.
Roll Sizes: 2" or 3" x 180'

Black 268FR flame retardant sealing duct tape with acrylic coated cloth and a natural rubber adhesive that self-extinguishes.
Roll Size: 2" x 100'

ACCESSORIES & MORE

ZIPPERS, FASTENERS, GROMMETS & APPLICATORS

Christmas Tree Ratchet Fasteners

Used to attach vapor barriers to foundation walls

100/pack
500/pack

Tarp Grippers

Tarp Grippers make it easy to add tie down points to plastic sheeting and tarps.

20/pack

Tarp Grabbers

Add a permanent grommet wherever you need.

20/pack

Tie Down Buttons

Allows you to grasp a part of sheeting and add a grommet.

100/pack

EasyZip™ HD Zipper

Create an opening on any enclosure quickly and easily with a 7' long cloth zipper with an aggressive adhesive backing.

2-pack
12-pack

Adjustable Carpet Cover Applicator

Load your roll of Carpet Cover and sweep across the floor to unravel the roll. Material will apply quickly and evenly.

Applicators fit:

Roll Widths 24" | 30" | 36"
Roll Widths 36" | 48" | 60"

BearAcade® Floor Or Wall Applicator

Available for floors (horizontal applicator) and walls (vertical applicator).

Simply load the roll of BearAcade® and apply to your desired surface.

CUSTOMIZATION CAPABILITIES

CUSTOM LOGO PRINTING & CUSTOM FABRICATION

Americover is proud to offer a variety of custom products including logo printing and custom fabrication. Whether you need help getting your name out there or meeting certain industry standards for specific projects, our experts are knowledgeable in both product and application to get you the right product for the job. Minimum orders and set-up charges may apply. Simply call your dedicated account manager for more information.

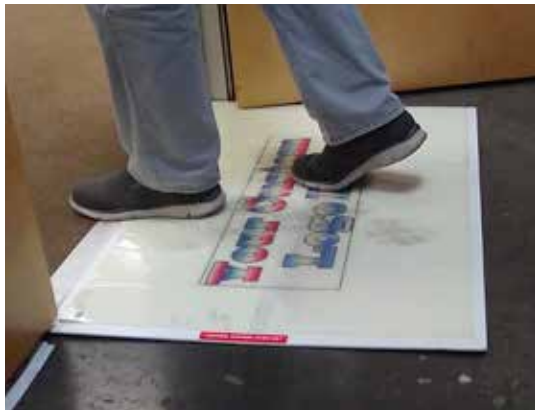

Logo Multi-Surface Cover

Besides advertising your company, you can include phrases such as “do not step” or “covered because we care” to further protect your projects.

Logo String Reinforced Poly

Use our custom logo program to identify your company logo, name, or slogan to the public with this unique advertising avenue. Use your job site to market your name!

Logo Sticky Mats

Market your company or service while keeping unwanted dirt out of the workplace! This will be the first thing people see when entering your job site, so advertise wisely!

Custom Bags

Cover anything you need to with custom sized anti-static bags. This is the perfect solution for custom dust control on electrical equipment, make-up kiosks, and any other surface you need light protection for.
